HAIR STUDIO

## WHITE CLIFFS Herbal DHT COMPLETE

180 Tablets - 3months

**The Ultimate DHT Blocker and Hair  
Nutrition**

**Advanced Herbal Alternative to  
Propecia/Finasteride**

**Blocks DHT from Attacking/Shrinking your  
Hair**

**Safe and Effective for Men and Women**

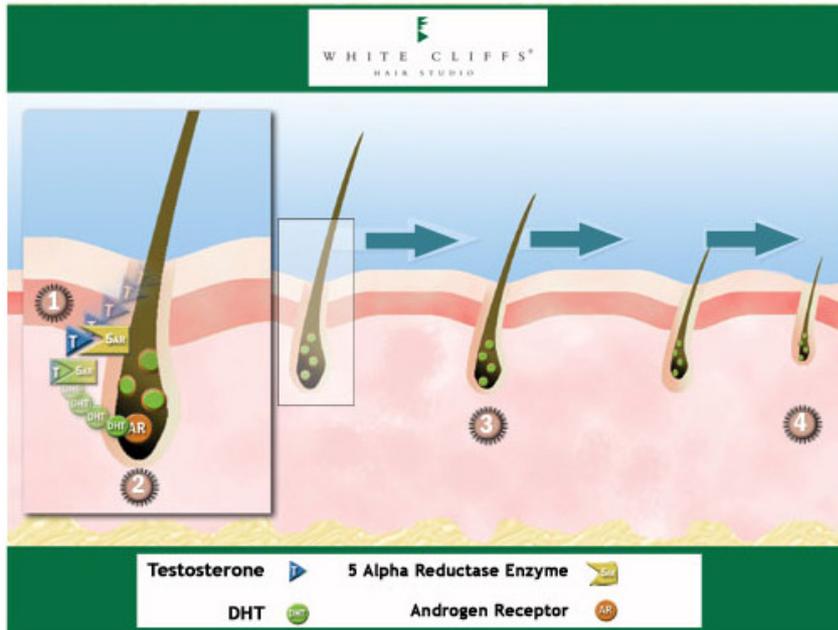

The most widely-accepted theory of what causes Androgenetic Alopecia is the DHT factor. DHT is produced when the enzyme 5 alpha reductase combines with testosterone. DHT then attaches itself to the hair follicle eventually causing it to stop producing hair.

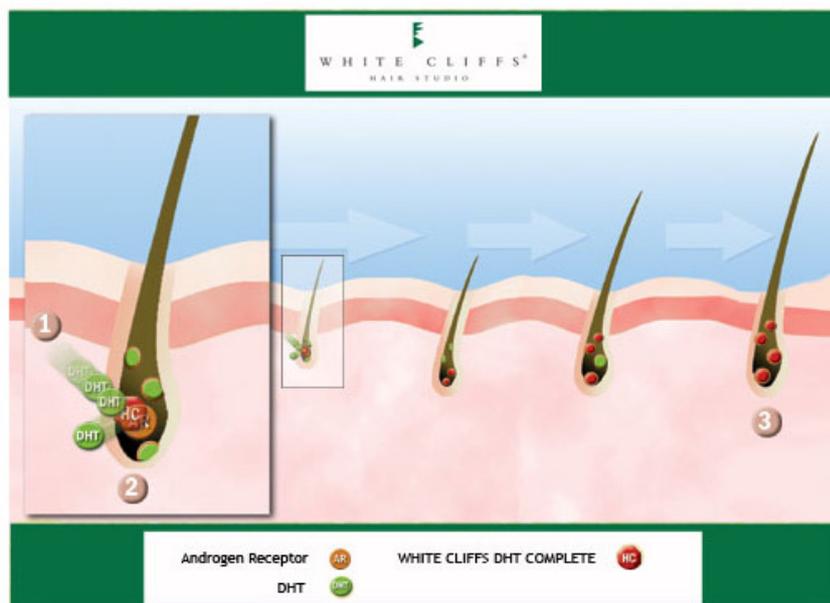

The scientific explanation for this has to do with the male hormone dihydrotestosterone or DHT for short. DHT affects the hair follicles (from which the hair grows) by depriving them of food and oxygen, in turn shrinking them. As the hair follicle weakens, the hair it produces will get thinner and thinner. Eventually, the hair follicle dies and stops producing hair. When enough hair follicles die, you begin to notice your hair thinning and even balding areas. This is where genetic factors come into play—certain people have hair roots that are sensitive to DHT. This sensitivity is an inherited trait; fortunately, WHITE CLIFFS Herbal DHT COMPLETE Blocker offers an effective treatment for hereditary hair loss, also known as androgenetic alopecia.

WHITE CLIFFS Herbal DHT COMPLETE harmlessly binds to Androgen receptors on your hair and stops DHT from binding to hair follicles and shrinking/killing your hair. With less DHT binding to your Androgen Receptors, your hair starts to resume its normal cycle of growth. As less DHT binds to your hair, it has the chance to grow and become strong and healthy. Small hairs can become larger, and dormant hair can start to grow again.

# WHITE CLIFFS DHT COMPLETE Blocks DHT stops hair loss and helps you hair grow!

- Testosterone is converted to Dihydrotestosterone (DHT) by 5 Alpha Reductase (5AR) Enzyme.
- DHT attaches to the androgen receptors on the hair follicle.
- DHT causes increased hair loss; gradually miniaturizing the hair follicle.
- This miniaturized hair follicle eventually dies and hair loss occurs.

I F F S<sup>®</sup>  
O

- WHITE CLIFFS DHT COMPLETE harmlessly binds to Androgen Receptors on your hair and stops DHT from binding to hair follicles and shrinking/killing your hair.
- With less DHT binding to your Androgen Receptors, your hair starts to regrow and resumes the normal cycle of hair growth.

As less and less DHT binds to your hair, it has the chance to regrow into a strong healthy hair. Small hairs can grow bigger and your dormant hair can start to grow again.

# Ingredients

An unsurpassed formulation of anti-androgenic (DHT Blocking) agents; consisting of special saw palmetto, proprietary phytosterol blend including beta-sitosterol and other sterols, pygeum bark, green tea, stinging nettle, and ho sho wu. COMPLETE provides clinically proven growth vitamins, minerals, Nutraceuticals and has no side effects. This advanced herbal alternative to Propecia blocks significantly more DHT than other products and is so unique that it is patented.

	Amount per serving	%DV
Vitamin B6 (As pyridoxine HCl)	10mg	500%
Folate (as folic acid)	400mcg	100%
Biotin	300mcg	100%
Pantothenic acid (as D-calcium pantothenate)	100mg	1,000%
Iodine (from kelp)	50mcg	33%
Zinc (as zinc citrate)	15mg	100%
Selenium (selenomethionine)	70mcg	100%
Copper (as copper gluconate)	2mg	100%
Manganese (as manganese gluconate)	2mg	100%
Saw palmetto berry extract	500mg	*
Marine Concentrate (glucosamine sulphate & shark cartilage)	300mg	*
Proprietary Blend: Methylsulfonylmethane, phytosterol blend; campestanol) ho shu wu (fo ti root), green tea leaf extract, pygeum bark extract, stinging nettle leaf extract, silica and grape seed extract	690m	*
*Daily Value (DV) not established		

Special Saw Palmetto berry extract and proprietary phytosterol blend - Saw Palmetto has been proven to block DHT and our product contains the highest level of sterols available in any tablet! 500mg of saw palmetto berry extract is used in our product. Most other products provide only 200mg of some kind of saw palmetto.

Other potent DHT fighters include pygeum bark, green tea, stinging nettle and ho shu wu. All have been clinically shown to help fight DHT and work in synergy. Ho Shu Wu also known as Fo Ti Root or Shen Min has been used in China for thousands of years.

Marine Concentrate (Shark Cartilage and Glucosamine Sulphate and Silica) This Viviscal like blend has been shown in several Norwegian studies to help stop loss and regrow hair, especially in conjunction with laser treatments.

Complete provides all the essential vitamins, minerals and Nutraceuticals for complete hair health, including Biotin, folate, pantothenic acid, sulphur, zinc, iodine, selenium, copper, manganese and more

Grape Seed Extract increase blood flow to the dermal papilla (where your hair grows from)

# Herbal Alternative to Propecia/Finasteride

	COMPLETE	Finasteride / Propecia
Blocks DHT	Yes	Yes
Cost	Blocks androgen receptors so DHT doesn't bind hair follicles	Stops 5 alpha reductase from converting testosterone to DHT
Side Effects	No Side Effects	Some sexual side effects. May increase aggressive cancer tumors
Safe for both Men and Women	Yes	No only for men
Hair Nutrition		None (COMPLETE has 100% of 8 FDA recognised vitamins proven to help hair grow and not in most multi-vitamins)
ViViscal's (Active Ingredients)	Yes	No
Proven in US Studies	Yes	Yes
Proven in European Studies	Yes	Yes

DHT Blockers are herbal based and do not have the harmful side effects like Propecia/Finasteride
